(By Review Leased Wire.)  
NEW YORK, July 30.—Thirty-  
three Jersey City firemen are  
reported to have been killed early  
this morning by a terrific explo-  
sion in the plant of the National  
Storage company, on Black Tom  
island, near Communipaw, N. J.,  
where they had gone to fight a  
fire resulting from a terrific ex-  
plosion just 30 minutes earlier.

19 Cars Explode  
NEW YORK, July 30.—Nineteen  
carloads of ammunition are said  
to have been stored on the rail-  
road tracks on the island. All of  
them are believed to have been  
blown up.

Big Fire Raging  
NEW YORK, July 30.—Edmond  
MacKenzie, president of the National  
Storage company, said at his home  
at Plainfield, N. J., at 3:30 o'clock  
this morning, that he had just re-  
ceived a telegram informing him that  
a great fire was raging in the plant  
of his company, following an explo-  
sion.

NEW YORK, July 30.—All Man-  
hattan Island, Brooklyn and  
cities in New Jersey were shaken  
shortly after 2 o'clock this  
morning by a terrific explosion.  
Frantic efforts were made by the  
police to locate the scene of the  
eventful disaster.

The most reliable report re-  
ceived up to 2:30 o'clock was that  
the Eagle oil works, located on a  
peninsula extending from Communipaw,  
New Jersey, into New  
York Bay, had blown up.

NEW YORK, July 30.—The  
force of the explosion was so  
great that thousands of heavy  
plate glass windows in office  
buildings in lower Manhattan and  
Brooklyn were shattered. Streets  
for many blocks in the downtown  
section were literally strewn with  
broken glass.

NEW YORK, July 30.—Thousands  
of persons swarmed into the streets  
in all parts of the city from build-  
ings, subway exits and railway sta-  
tions. Many became hysterical. Police  
whistles were blown frantically, but  
the police themselves did not know what  
it was all about.

Two Explosions  
NEW YORK, July 30.—The first  
explosion was followed by a second  
at 2:39, slightly less violent,  
but which again shook all New  
York and shattered many more  
buildings.

Shrapnel? None Injured  
NEW YORK, July 30.—A report re-  
ceived at 2:40 was that several car-  
loads of shrapnel consigned to the  
entire allies and lying in the Black  
Tom, where the Eagle oil works are  
located, had exploded. So far as known  
at that hour, no one had been in-  
jured.

Brooklyn police headquarters re-  
ported that ten persons had been  
killed in an explosion in the subway  
at Washington street and Myrtle ave-  
nue but the report apparently was  
unfounded.

NEW YORK, July 30.—Nearly all  
the fire apparatus in Brooklyn was  
called out in the belief that some-  
where in that party of the city there  
was a great fire, but no trace of one  
was to be found.

Police headquarters in all boroughs  
received reports of disasters of all  
kinds, both in New York and New  
Jersey. One report was that an oil

### PRESIDENT MAKES CRUISE TO VIRGINIA.

FORT MONROE, Va., July 29.  
—President Wilson arrived here  
this afternoon on the naval yacht  
Mayflower. The yacht anchored  
in the roadstead and the Pres-  
ident did not come ashore.  
Mr. Wilson has spent many  
hours of the cruise disposing of  
a quantity of work including a  
part of his speech accepting the  
Democratic nomination at the  
convention.

ship was blown up near the Statue  
of Liberty.

Wires to New Jersey Down  
NEW YORK, July 30.—The New  
York Telephone company announced  
at 2:38 that all telephone lines from  
New York to nearby points in Jersey  
City were down and communication  
was almost impossible.

Police headquarters in Manhattan  
expressed the belief that many thou-  
sand dollars of damage had been  
caused by the explosion. It was con-  
jectured that the combinations of  
vaults in the financial district might  
have been so seriously damaged that  
difficulty would be experienced in  
opening them.

Flames Seen for Miles  
Flames which lighted the sky for  
miles around, apparently were in the  
Black Tom district, near Communipaw,  
which is a part of Jersey City.

May Be Oil Plant  
NEW YORK, July 30.—There were  
persistent reports here that the im-  
mense Standard Oil plant at Bayonne  
had blown up, but police headquarters  
in that city were reached at 3 o'clock  
and they declared positively that the  
explosion had not been at Bayonne.

PHILADELPHIA, July 30.—The ex-  
plosion near Jersey City was felt at  
Camden, N. J., opposite this city and  
at Bristol, Pa. Telephone inquiries  
into Philadelphia said the shock was  
plainly felt. Bristol is 66 miles from  
Jersey City and Camden nearly 90  
miles distant.

Thrown to Pavement  
NEW YORK, July 30.—The thou-  
sands who had flocked to the streets  
after the first explosion were rein-  
forced by thousands more after the  
second. Men, women and children left  
their homes in their night clothing.  
Many declared they had been thrown  
out of bed by the force of the explo-  
sion which was felt more severely in  
Brooklyn than in New York.

Women who were in Brooklyn  
streets when the first explosion oc-  
curred were thrown to the pavement  
and many became almost crazed with  
fear.

NEW YORK, July 30.—Guests at  
the big uptown hotels ran frantically  
into the corridors when the windows  
in their rooms were shattered.

Patients in all the city hospitals  
were greatly alarmed and their at-  
tendants experienced much difficulty  
in quieting them. Prompt action was  
taken by the police to prevent looting  
houses which had been vacated by  
frightened tenants. Elevated trains  
crossing Brooklyn bridge and other  
bridges were shaken and many panes  
of glass in the cars were broken. The  
same was true of surface cars in all  
parts of the city.

Panic was most pronounced among  
the dwellers in crowded East Side  
tenements and many of these who  
hastened into the streets were cut  
by broken glass. A series of less se-  
vere explosions were heard, one after  
another, in Brooklyn after the first  
two.

### BRITISH STILL WEEP OVER FRYATT'S DEATH

(By Review Leased Wire.)  
LONDON, July 29.—The foreign of-  
fice today published the communica-  
tion it sent to the American ambas-  
sador, Walter H. Page, concerning the  
case of Captain Fryatt. The commu-  
nication states:

"His majesty's government finds it  
difficult to believe that a master of  
a merchant vessel, who, after a Ger-  
man submarine had adopted the prac-  
tice of sinking merchant vessels with-  
out regard for the lives of the pas-  
sengers or crew, took the step which  
appeared to afford the only chance  
of saving not only his vessel but the  
lives of all on board, can be shot  
deliberately in cold blood for this ac-  
tion.

"If the German government has in  
fact perpetrated such a crime in the  
case of a British subject held pri-  
soner by them, it is evident that a  
most serious condition of affairs has  
arisen.

"The foreign secretary, therefore,  
is obliged, on behalf of the govern-  
ment, to request that an urgent in-  
quiry may be made by the United  
States embassy in Berlin as to whether  
the report of the shooting of Cap-  
tain Fryatt is true, in order that the

PARIS, July 29.—Premier Briand  
addressed to J. J. Jusserand, the  
French ambassador at Washington,  
and to other French representatives  
in neutral countries, directing them  
to present to the government to which  
they are respectively accredited, a  
note reading as follows:

"I ask you to call the attention of  
the government to which you are ac-  
credited, to the treatment which the  
population of Lille, Roubaix and Tour-  
coing have been subjected by the Ger-  
man authorities.

Cites The Hague  
"The French government in the pre-  
sence of revealed facts invokes the  
application of Article III, of the Hague  
convention concerning laws and cus-  
toms of conducting land warfare, to  
the end that Germany be held respon-  
sible for violations of these rules by  
its armed forces.

"I therefore ask you, in presenting  
this note, to ask the government to  
give it the most serious attention as it  
constitutes the protest of the French  
government against the condition  
which it brings to the attention of the  
civilized world, supported by testi-  
monies from many sources.

After reciting the efforts made by  
the government through the Spanish  
government to stop the German prac-  
tices in invaded regions, the docu-  
ment adds:

Appeal To Neutrals  
"Today, all our protests having  
been in vain, we place the evidence  
before the eyes of neutral powers, as-  
sured of the judgement that universal  
conscience will pass upon such condi-  
tions and that will be incumbent upon  
the German government, in case it  
undertakes to question this evidence  
to permit an impartial inquiry. To  
this end the German government must  
authorize the neutral powers to con-  
duct an investigation notably of the  
events occurring at Lille, Roubaix and  
Tourcoing, and surrounding commu-  
nities from the 22nd to the 29th of  
April, 1916. If they refuse to author-  
ize an inquiry, it will be a recognition

DOUGLAS, July 29.—The first en-  
gagement of the de facto Mexican  
troops with the Yaqui Indians since  
the resumption of the general cam-  
paign for their extermination by Gen.  
P. Elias Calles, took place Thursday  
morning when 80 Mexican infantry-  
men under Col. M. Fierros surprised  
30 Yaquis at their camping place at  
a spring in the Western part of the  
Sahuatipa district, a few miles north  
of Tonich, Sonora.

Fierros reported that 12 Indians and  
four of his men were killed before the  
Indians escaped to the hills.

General Calles has reached Em-

consul here, said today. He is super-  
intending the distribution of his army  
throughout the Hermosillo, Ures and  
Sahuatipa districts for the campaign.

mountains in the southern part of the  
Sahuatipa district. He denied, how-

they return to work at the plants of

### HUGHES COMPLETES KENYNOTE SPEECH

BRIDGEHAMPTON, N. Y., July  
29.—Chas. E. Hughes, Republican  
presidential nominee, tonight  
completed his speech of accept-  
ance. It is approximately 8,000  
words long and will require about  
an hour and a quarter for del-  
ivery.

Mr. Hughes will read it at the  
notification ceremony in New  
York next Monday night. The  
only other speaker at the meet-  
ing will be Senator Warren G.  
Harding, chairman of the nomi-  
nating committee. His remarks  
will be brief.

large features next week.

Among members of the house  
the feeling is said to be growing

### British Agent is Caught Spying on New York Firms

(By Review Leased Wire.)  
NEW YORK, July 29.—Blanc Em-  
ory, a young Hungarian employed as  
confidential secretary to Julius Pir-  
nitzer, president of the Trans-Atlantic  
Trust company here, is a prisoner  
in police headquarters tonight charged  
with stealing the trust company's  
correspondence.

The police allege that Emory made  
a signed confession in which he de-  
clares an English firm was to pay  
him 25 cents for every name he could  
furnish of firms transacting business  
with the trust company, which is a  
semi-official representative of the  
Austro-Hungarian government.

Among the effects the police say,  
they found in Emory's home, was a  
list of 2000 names of firms and a  
letter from the British consulate.

Police Captain Devery said the let-  
ter from the British consulate was a  
reply to a letter the prisoner had  
written requesting a passport to Can-  
ada and from Canada to Hungary.

CHICAGO, July 29.—Excessive  
heat killed a person every 30 min-  
utes here today, according to re-  
ports made to the police and cor-  
oner's office. Heat prostrations  
were reported by scores, and  
countless acts of violence and ac-  
cidents—from murder to a race-  
horse spill—were attributed to  
the high temperature. The maxi-  
mum here today was 96 degrees.

It was estimated tonight that 250,  
000 or more persons had visited the  
various beaches during the day.  
At the Chardon, the newest mun-  
icipal beach, one man was injured and  
about 20 more were overcome by the  
heat when a crowd of 500 persons  
tried to force their way through the  
doors, which had been closed because  
all the suits were in use.

Middlewest Still Sweaters  
WASHINGTON, July 29.—While  
light wraps were comfortable in  
northeast and extreme northwestern  
states today, residents of the plains  
and central valley continued to swe-  
ter under temperatures which were  
as high as 104 degrees in the upper  
Mississippi and Lake regions, and  
caused scores of deaths and heat  
prostrations. Tomorrow the heat will  
continue in the central part of the  
inland portion to the east, weather  
bureau officials predict, ending the  
cooling effect of the "Hudson high."

Thundershowers such as cooled the  
southern Atlantic and east gulf states  
and the Rocky mountain region to-  
day, may occur tomorrow over upper  
sections where there is little  
immediate hope for relief.

DODGE WINS CHICAGO STAKE.  
CHICAGO, July 29.—Dodge, of the

Murphy, won the Illinois Jockey Club's

tional stake in the race today which  
closed the 13-day meeting at the Har-

LONDON, July 29.—A deputation

Laurence Grinnell, have presented a  
patriotic petition signed by 39 of  
their colleagues, asking for a reprieve  
for Sir Roger Casement, whose ex-  
ecution is set for August 3.

BRITISH DEPRIVE  
GERMANS OF TITLES.  
LONDON, July 29.—According to  
the Daily Mail, it is expected that  
Premier will announce in the House  
of Commons today that three Germans  
who still hold British titles of nobility  
are to be deprived of their British  
honors. They are the Duke of Al-

Prince Albert of Schleswig-Holstein.  
The Duke of Albany and the Duke of  
Cumberland are in line for suc-

remotely.

Officers of the Eastern Forwarding

Agua Prieta customs officials. The  
"bilimboques" as such currency is  
known, will not be accepted for cus-

General Calles has issued an order  
modifying his recent order to the  
stores of the state relative to receiv-  
ing the Carranza money from soldiers.  
Merchants must sell to soldiers but  
only in sufficient quantities for their  
daily use. When tendered by soldiers  
they must receive the currency at ten  
cents gold on the peso.

Carranza "unconvertible" bills  
are being sold at from three to four

"Owing to Russian attacks in the  
direction of Balikh and Mamakhat,  
southern bank of the Tchoruk river,  
our troops are maintaining in suc-  
cessive lines the execution of coun-  
ter-attacks and are retiring in order.

### RUSS CAPTURE 32,000 TEUTONS; TWO GENERALS

(By Review Leased Wire.)  
PETROGRAD, July 29, via London,  
July 30, 1:30 a. m.—The official  
statement from general headquarters  
issued today reads:

"Our troops have constructed  
bridges on the river Stokhod in the  
region of Gulevitsh and have crossed  
to the left bank, where they are  
strengthening the positions they have  
taken up.

"To the south of the Dniester the  
enemy was pursued by our troops in  
the direction of Stanislaw and fled  
to positions previously prepared by  
him.

"Details regarding the booty cap-  
tured are still so incomplete that it  
is only possible to give them a very  
approximate manner. It, however, has  
been ascertained that the troops un-  
der General Brusiloff, during July 28  
and 29 captured two generals, more

than 650 officers and 32,000 men, in-  
cluding a considerable number of  
Germans. About 100 guns, including  
25 heavy howitzers, have been cap-  
tured. This includes 21 guns taken by  
General Letchisky's troops. Eighty-
